Based on a survey, as well as inspections carried out by Schutter Rotterdam B.V. on a regular basis, this document serves to certify that on delivery, the animal feed products from the **Loders Croklaan B.V.** company location are considered in compliance with the standards of the GMP⁺ certification scheme Animal Feed Sector 2006 of the Animal Feed Product Board, The Hague, the Netherlands.

The product certificate for the animal feed products of the **Loders Croklaan B.V.** company location was determined in accordance with the assessment of the B1 GMP⁺ standard: Production and processing of animal feed for domesticated farm animals with associated product standards as listed in Appendices 1, 2 and 3 of the certification scheme.

The scheme relates to:

- Animal feed products from production of feed materials
- Animal feed products from trade of feed materials
- Animal feed products from trade of feed additives
- Animal feed products from trade of premixes
